STAIN TECHNOLOGY

VOLUME VIII

1933

Published by the
COMMISSION ON STANDARDIZATION OF BIOLOGICAL STAINS
GENEVA, N. Y., U. S. A.

CONTENTS

No. 1, January, 1933

Progress in the Standardization of Stains.
The Basic Fuchsin Problem Still With Us. H. J. Conn 1
Stains Recently Certified 3
The History of Staining. H. J. Conn
Sir John Hill 4
Rudolph Heidenhain 8
The Bielschowsky Staining Technic. A study of the factors influencing its specificity for nerve fibers. R. H. Beech and H. A. Davenport 11
The Fixation of Tissues Vitally Stained with Trypan blue. D. C. Hetherington and Edna H. Tompkins 31
Notes on Technic
Difficulties Encountered in Obtaining a Satisfactory Wright Stain. H. J. Conn and Lubov A. Margolena 35
Supravital Staining of Intercellular Cement Substance. D. A. Irwin 36
Laboratory Hints from the Literature 37

No. 2, April, 1933

History of Staining. H. J. Conn
Joseph von Gerlach 41
Paul Ehrlich 45
Walther Flemming 48
Paul Mayer 51
Note on a New Method of Dye Analysis. Allen Gold and A. E. Stearn 53
Apparatus for the Simultaneous Handling of Numerous Histological Specimens. John C. Snyder 61
Preparation of Paleobotanical Sections by the Peel Method. Roy Graham 65
Colorimetric Tests of Nuclear Staining. Donald Mainland 69
Notes on Technic
Concerning Fast Green. L. A. Margolena 73
Notes on the Staining of Tubercle Bacilli in Sputum. L. A. Margolena 73
Stains Recently Certified 74
Laboratory Hints from the Literature 75

No. 3, July, 1933

Progress in the Standardization of Stains 81
Stains Recently Certified 82
John Belling, October 7, 1866—February 16, 1933. Albert F. Blakeslee 83
Methods for the Standardization of Biological Stains. Part I. General Considerations. A. R. Peterson, H. J. Conn and C. G. Melin 87
Methods for the Standardization of Biological Stains. Part II. The Fluorane Derivatives. A. R. Peterson, H. J. Conn and C. G. Melin 95
The Masson Trichrome Staining Methods in Routine Laboratory Use. N. C. Foot 101
The Tinctorial Behavior of the Capsule in Clostridium Tetani during Sporulation. J. W. Churchman 111

Notes on Technic
Method for Simultaneous Demonstration of Starch and Fat in Protozoa. W. L. Doyle 117
A Note on Iron Hematoxylin. R. T. Hance 117
Book Reviews 118
Laboratory Hints from the Literature 119

No. 4, October, 1933

Methods for the Standardization of Biological Stains. Part III. Certain Nitro and Azo Dyes. A. R. Peterson, H. J. Conn and C. G. Melin 121
The Nature of the Reaction of the Colon Organism on Endo's Medium. Lubow A. Margolena and P. A. Hansen 131
A Method for Staining Certain Bacteria and Antherozoids. W. N. Steil 139
Block Staining of Nervous Tissue with Silver. III. Pericellular End-bulbs or Boutons. H. A. Davenport 143
A Simple Method for Carrying Protozoa in Bulk thru Reagents. E. W. Heil 149
The Use of Salicylic Acid as a Fixative. Isadore Cohen 153
Notes on Technic
Phloxine with Orange G as a Differential Counterstain. Lubow A. Margolena 157
A Modification of Schaudinn's Fixative for Protozoa. D. H. Wenrich and Q. M. Geiman 158
Laboratory Hints from the Literature 159
Index to Volume VIII 163
